PRECEDENTS

Helping you focus on what's really important

Applying your expertise, not drafting and assembling documents...

Lawtel *PRECEDENTS* - Commercial is an easy-to-use and comprehensive precedents library service that enables you to search and browse for precedents and clauses, download and customise them to your firm's own house style.

Lawtel *PRECEDENTS* - Commercial delivers concise, accurate information with the quality you trust from Lawtel. A comprehensive portfolio of online commercial precedents is supported by an in-house team of qualified practitioners who continually check for accuracy and ensure documents are always up-to-date.

Helpful drafting guides accompany a vast number of the precedents documents, providing expert commentary and specific guidance on how to use the precedents and individual clauses. Special icons appear next to individual clauses which are supported by commentary.

Lawtel *PRECEDENTS* - Commercial

This much anticipated solution is now available consisting of over 200 key commercial precedents, in addition to clauses and drafting guides.

Selected documents from the Sweet & Maxwell looseleaf title **Practical Commercial Precedents** are included in this solution, providing all the precedents and clauses needed, together with expert advice on preparing legal documentation for both common and specialist commercial situations.

Precedents are supported by a clear explanation from a team of expert contributors, advising on alternative clauses that may be required to deal with specific solutions, and including a general overview on the scenarios in which that particular precedent can be adopted.

Content includes:

- Organisation of a business
